

DevOps Engineer (f/m/d) Remote at BSDEX GmbH

Location: Berlin, Stuttgart or 100% remote (in Germany)

You don't live in Berlin? No worries, we live and breathe a remote culture

About

We are Boerse Stuttgart Digital Exchange GmbH – we are building Germany's first regulated trading venue for digital assets. We set high standards in transparency and security and offer a reliable framework for trading. In order to realize this ambitious endeavor, we are looking for new colleagues (f/m/d), who are willing to take on responsibility, who bring in a good portion of pioneering spirit and courage to accompany us on this path.

Mission

Börse Stuttgart Digital Exchange offers retail and institutional clients a trusted and reliable way to trade and store digital assets.

Your Role

- Take responsibility for our technical operations of the trading platform and drive adoption and consensus amongst stakeholders and team members
- Collaborate closely with your technical stakeholders from Börse Stuttgart to ensure a smooth, reliable and secure running of our platform
- Bring in your ideas and thoughts on technical problems to find best in class solutions and further develop our "devops-culture"
- Support our various product/engineering teams and setup for deployments, interacting closely with our frontend and backend engineers on topics of security, scalability and infrastructure
- Monitor, evaluate and decide on new technologies to be added to our tech stack
- Actively participate in attracting further talent to grow a cutting-edge tech team

Your Skill set

- Experience with cloud environments, deployment processes, containers and container systems
- Ideally you have already worked in highly regulated industries/contexts such as the financial industry (i.e. banking, trading, fintech, token economy)
- You actively shape and contribute to a healthy team culture based on mutual trust and support and you are fun to work with :-)

Benefits

- Competitive salary
- Stability through corporate back-up and lots of growth opportunities
- 100% flexibility: work from where you want, when you want
- State-of-the-art tech environment
- Learning and Development budget (500 € annually)
- 30 days of vacation

Philipp Klug

Sounds good? Philipp looks forward to your profile (e.g. CV/LinkedIn/GitHub - no need for a cover letter) under jobs@bsdex.de and will get back to you within 72 hours!
